

Doerre Intermediate 2020-21 School Supply List

Please note, this list is a bare minimum that will allow you to get the basics needed for the beginning of the school year. According to your feedback, in the past several things on the district list have not been utilized. In making this list we are hoping to cut down on waste, making sure each student has the supplies needed to begin a successful year at Doerre. Please know that each teacher may have something else they need or require for their individual class. We do know that the items on this list will be used.
